Dear Potential Heat Cluster Member,

Re: Increase sales of renewable energy heat

SWWF invites you to participate in a project to develop renewable energy heat clusters within the South West. The main focus is for automated wood heating, solar, and ground source heat pumps. The targeted areas within the South West are Exmoor, Dartmoor, Torrridge, Mendips, West Dorset, Blackdown Hills and East Devon and Bodmin and North Cornwall.

Your inclusion as a business within the heat cluster project will be a positive step to develop or expand your activity in renewable energy. Opportunities will include targeted training for installers, site visits and trade shows, technical support and information, contacts; both within the region, the UK and also internationally* and promotion and coverage on a dedicated website. Your commitment to the project need not be onerous - just to return a form, to attend 2 meetings a year and participate and contribute to the goals of the project at a level to suit your needs. There is no expected charge for joining a heat cluster and only modest contributions are expected for training and events.

The main objective of the project is to increase sales of renewable energy heating equipment at all levels of scale and affordability and to build local capacity to deliver it.

If you would like to be involved please complete the very short form enclosed and return to our office at the address above.

Yours sincerely

Richard Tompsett Co-Operative Manager

**The other six partners in this project are from Austria, Sweden, France and Norway - most have a much greater developed renewable energy sector than the UK having gone through the same embryonic stage.*

South West Wood Fuels Ltd is a "not for profit" Co-operative supported by:-

Heat Cluster - Expression of Interest Form

Name: _____ Company: _____

 Address: _____

_____ Post Code: _____

Tel: _____ Fax: _____

Web: _____ Email: _____

 I would like to be a part of the project. (Please tick) Yes No

My normal work would be within the following clusters (tick ones which are appropriate):

- | | | | |
|-----------|--------------------------|--------------------------------|--------------------------|
| Exmoor | <input type="checkbox"/> | West Dorset | <input type="checkbox"/> |
| Dartmoor | <input type="checkbox"/> | Blackdown Hills and East Devon | <input type="checkbox"/> |
| Torridge | <input type="checkbox"/> | Bodmin and North Cornwall | <input type="checkbox"/> |
| Mendips | <input type="checkbox"/> | | |
| All Areas | <input type="checkbox"/> | None of these areas | <input type="checkbox"/> |

 I am happy to have my details circulated for the purposes of the project Yes No

Name: _____ Signature: _____

 Comments: _____

As the funding for this project is within an 18 month time frame we need to assemble potential interested members for each cluster by June, therefore your prompt response would be greatly appreciated.
